

**QUALITY + SPEED TO MARKET**

# ELECTRICAL PARTS MANUFACTURER

HEAVY DUTY CONNECTORS  
AND ACCESSORIES

## AVIENT SOLUTION

OnColor™ UL 94 Colorants

## WHY AVIENT

- Offered eight UL 94-recognized sites in U.S. and Canada that perform comprehensive analytical, physical and mechanical testing
- Provided increased speed to market and expedited design timelines for new products using existing standardized and pre-approved color palettes
- Ensured regulatory compliance and security of supply

## LEARN MORE

## KEY REQUIREMENTS

- Reduce material rematching and rejection through more efficient pre-testing
- Improve processing efficiencies and color consistency in highly FR-filled and high-temperature resins
- Achieve regulatory compliance across multiple resin families
- Gain better supply chain control to manage scarcity of key engineering resins and changing resin producers
