AVIENT SOLUTION

Gravi-Tech™ Density Modified Formulation

WHY AVIENT?

- Reduced scrap and improved product manufacturability, compared to metal, with an injection molded formulation
- Met strict testing requirements, including achieving desired impact protection performance at the specific temperature range and target weight
- Maintained depth of base sound

LEARN MORE

KEY REQUIREMENTS

- Ensures quality sound performance
- Injection molding capabilities for design flexibility
- Impact protection within a set temperature range
- Meets target density 3.0g/cm^3 and product weight 400g
